#### ATTITUDE OF THE PRESIDENT. Will Appoint an Arbitration Commit-

tee If Both Sides Are Willing. CINCINNATI, Sept. 9 .- A guest of President Roosevelt during a portion of his trip through Ohio, when asked to-day if the subject of the settlement of the Pennsylvania coal strike was discussed, said it was. The President said that the printed with him on that subject imaginative. The guest of the went on to say that more than the President does, but he does not see clearly how he could take any part in adjusting the difference. It is proposed that he shall act because he is President. Any interference on his part, except by request of both parties, would be construed into a threat to use the great power of his office to corce one side or the other. If that were really so the action would be interference; and not arbitration. If both sides should make the request that the President should select an arbitration committee he would be glad to do so, but he could not give his personal time to investigation of the subject to the end of arriving at a just conclusion. If such a request should be made, with the agreement that the miners should be permitted to return to work pending the decision, and both to abide by the finding of the committee, the finding to be effective from the time the men went to work, the President would be glad to select such a committee. Unless both sides make the request voluntarily he will not feel at liberty to interfere in the

### What Mine Superintendents Say.

This statement by Superintendent Rose is in harmony with similar statements made by Superintendent May, of the Erie, and Seperintendent Philips, of the Lackawanna, recently. Notwithstanding the denials of the probability of an early settlement, the opinion prevails here that the The superintendents have knowledge of some movement which is likely to soon end the strike. ### RUNNING RACES.

Bettors at Harlem Fooled by Mr. Dingle, from the East.

CHICAGO, Sept. 9 .- Mr. Dingle, lately brought here from the East, furnished a surprise at Harlem to-day, winning the first race in handy fashion at odds of 25 to 1. It was the colt's first start here, and as nothing was known of him he went begging in the betting even at the liberal price offered against him. He showed a wonderful turn of speed, leading into the stretch by five lengths. He was tiring fast at the end of the five-furlong journey, however, though he lasted long enough to beat Rankin, a 30-to-1 chance, a scant length in a hard drive. Lacrimae, recently barred (except in stake engagements) because of her in-and-out running, won the Cicero stakes, at a mile, in a canter from Major Dixon, which beat Ethel Wheat ten lengths for the place. Lacrimae was favorite at 9 to 5. Winners in order: Mr. Dingle, 25 to 1; Little Jack Horner, 8 to 1; Lacrimae, 9 to 5; Harry New, 9 to 5; Gregor K., 7 to 5; Ed Adack, 6 to 1.

Inning for Mud Runners. NEW YORK, Sept. 9.-The mud runners had an inning at Sheepshead Bay to-day, the heavy rain of the day converting the track into a perfect quagmire. However, some good racing was seen and the public had a profitable day, as three favorites won. Smoke, at 6 to 1, took the Flight stakes in a gallop by two lengths. She led most of the way and won easily. Charawind, favorite, galloped home an easy win-New York, that the Shamrock III will be | ner in the Mineola hurdle race. # OAKLAND FARM NO MORE

FAMOUS SHORTHORN BREEDING PLACE CLOSES WITH AN AUCTION.

Purchased by Solomon Meredith in 1835, It Has Since Been Known for Its Fancy Cattle.

Special to the Indianapolis Journal. CAMBRIDGE CITY, Ind., Sept. 9 .- Oakland farm, this city, formally closed its career as a recognized factor in the breeding of fancy shorthorn cattle in Middle West to-day, when its late owner Mrs. Virginia C. Meredith, dispersed (at putblic auction) thirty-one head of its fancy blood lines. For half a century this farm has occupied a high reputation in the stockbreeding world and the principal strains of the shorthorn variety in the different parts of this and adjoining States have emanated from the original importations of Gen. Solomon Meredith. Mr. Meredith purchased the farm in 1835, but it was in 1852 that he conceived the idea of converting it into a stock farm, and was one of the few venturesome stock-buyers to assist in bringing the famous shorthorn variety to this country. At the first State fair he made an elaborate display of his cattle. Prominent in this display was this special shorthorn importation, and shortly afterward he disposed of the inferior kind and devoted his time to the perfection of this variety exclusively. At his death his son, Henry C. Meredith, continued the management. Mrs. Virginia C. Meredith assumed control of the farm at the death of her

husband and has for twenty years carluring the afternoon at Kenilworth Park | ried on the affairs with the same undauntfact four out of the six races were carried off by odds-on favorites.
